TROLLEY LINE MATTERS PROSPECTS BRIGHT

Two Committee Meetings---Formulate Contract to be Signed by Promoter---Started Subscription List

The Bonus committee for the A. and M. College and Bryan trolley line held a meeting at 10 o'clock on Monday morning at Carnegie Library and discussed the general plans of procedure. It was the consensus of opinion of the committee that a contract should be formulated between the committee and the promoter, and to this end Chairman Parker appointed A.W. Wilkerson, H.O. Boatwright and W. E. Saunders as a sub-committee to draw up this contract and to report at another meeting that was held this morning at 9 o'clock.

Following is an abstract of the contract that will be required of the promoter, whoever he may be that undertakes to construct the line:

Contract must be signed when the bonus is raised, and work on the line must begin within ninety days after contract is signed. The subscribers to the bonus fund must pay the amounts subscribed on October 1st, 1909, and the entire amount deposited in the banks of Bryan. The road is to be completed within one year from beginning of work, and when completed and in operation the bonus is to be paid to the promoter. Not a cent is to be paid to the promoter until the line is completed, and if the

promoter should, from any cause, fail to complete the line, then the subscribers to the bonus will lose nothing.

At the meeting this morning the following subscription agreement was opened and signed as appears below:

"In consideration of the benefits to accrue to us and to the people of Bryan generally by the construction of a trolley line or motor line from Bryan to College, we, the undersigned, hereby promise and agree to and with each other, for the purpose of procuring the construction of such trolley or motor line, to subscribe and donate the amount set opposite our respective names, and hereby promise to pay same on or before October 1st, 1909."

ALLEN ACADEMY FIELD DAY

Tomorrow is the annual field day for the Academy and no little interest is being manifested by the boys in the various events of the day.

The school has been divided into four classes according to age and ability, and every boy in school has an opportunity to show his powers in track and field events.

The prizes will be ribbons suitably inscribed: blue for first place; red, for second; and white for third. In addition to the ribbons that will be given for each event, there is offered annually a handsome gold medal for the best all-round athlete in school. The winner of this coveted trophy is decided by the result of events for the first class or older boys.

CHILTON HAS NOT NOTIFIED THE GOVERNOR.

Report of Acceptance Premature, but Governor Believes Appointee Will Not Decline.

Special to The Eagle.

Austin, Tex., March 31.—The report sent out this morning that Hon. Horace Chilton had wired Governor Campbell his acceptance of the office of railroad commissioner was premature. When seen by the reporter the governor said he had received no reply from Mr. Chilton but that he believed the latter would accept the appointment. It is evidently Governor Campbell's desire that Mr. Chilton will not refuse to serve as he believes him eminently well qualified for the position.
